

TWO STATES TIED UP

Work in Mines of Pennsylvania and Ohio,

Is Almost Completely Suspended in Every Quarter.

MINERS ARE QUIET.

No Disturbances Have Yet Been Made.

COLUMBUS, Ohio, April 23.—Chairman McBride of the United Mine Workers was busy yesterday comparing press dispatches and newspaper reports of the big strike with information at hand. His revised estimate shows that more men have struck in the competitive district and fewer in the outlying districts than was anticipated, but the total number of men remains about the same as given Sunday—125,000. In Illinois he states there are 24,000 out of 35,000 idle; Indiana 6,000 out of about 8,000, and in West Virginia 2,000 out of 9,000. Conventions are to be held in Illinois and West Virginia Tuesday next when efforts will be made to bring all the men into line. There seems to be no doubt but that the suspension in Ohio and western Pennsylvania is about complete. The organizers are most active in West Virginia and Illinois. No reports have been received of any disturbances, and none are expected, as a friendly feeling seems to prevail.

QUIET AT PITTSBURG.

A Few Agitators Are Trying to Create Dissension Among the Men.

PITTSBURG, Kan., April 23.—Thus far there has been no strike among the miners here. A few agitators have made their appearance, headed by J. M. Lacy, ex-secretary of the local assembly of the Union, who took such a prominent part in the strike here last year. He is followed by a few of the malcontents of last year's campaign. They, under the direction of T. B. McGregor, are working quietly among the miners, but with little success, however.

A meeting was held at shaft 2, Weir City, yesterday, the result of which was unsatisfactory to the agitators. A meeting was held at Frontenac by the miners to discuss the strike question, and they decided that as they received no assistance from the national organization to their strike last year, consequently do not feel under obligation to assist the national organization in their strike. They will not go out unless a pressure of some kind should be brought to bear later on.

BEVIER MINERS SUSPEND.

Men Resolve to Stand by the General Order to Strike.

MACON, Mo., April 23.—The Bevier miners all suspended work in accordance with the order from Columbus, Ohio. A meeting was held there, which was well attended by veteran workers and it was resolved to stand by the order. Vice president of district No. 14, Thomas R. Jones, left Bevier for Higginsville, Mo., to confer with the general committee. Nothing further will be done until his return. The men demand 80 cents per ton for mining with picks, or 60 cents for blasting. Day men demand a proportional increase. The present price is 50 cents for pick work, no blasting being allowed.

SUFFERING IN COLORADO.

Great Distress Among the Poor People in the Eastern Part of the State.

DENVER, Col., April 23.—The committee appointed by the county commissioners to investigate the reports of suffering among the poor settlers in the eastern part of the state has returned. By reason of the utter failure of last year's crops the ranchers have suffered greatly during the winter because of their inability to secure fuel and other necessities. A majority of these people are Danes and Russians and have gone through the winter with almost nothing to eat, using roasted wheat for coffee, bare-footed and almost naked. The committee distributed food, clothing and seed among them and will send other supplies when necessary. This condition of affairs applies only to a limited section of the country along the Kansas line.

THEIR TROUBLES SETTLED

Prince and Princess Colonna Kiss and Make Up.

NEW YORK, April 23.—Princess Evelyn Gallatré Di Colonna, whose flight to the United States with her three children in February last, after an unsuccessful effort to obtain a separation from her husband in the French courts attracted the attention of two continents, is booked to sail for Europe in June.

Princess Colonna has reached an amicable understanding with her husband, and their domestic differences bid fair to be settled to their mutual satisfaction unless some unforeseen complication shall arise between now and the princess' arrival in Paris.

No More Treasury Vault Visitors.

WASHINGTON, April 23.—Until further notice the vaults and rooms in the office of the treasurer of the United States, where money and securities are handled, will not be open to visitors or others not employed in the treasurer's office. It is understood this order is not expected to be made permanent, but will remain in force only during the presence in the city of the crowds incident to the coming of Coxe's army.

LETTER FROM CLEVELAND.

The President on the Principles of the Democratic Party.

WASHINGTON, April 23.—President Cleveland has forwarded the following letter to Hon. Chauncey F. Black, president of the National Association of Democratic clubs:

EXECUTIVE MANSION, WASHINGTON, D. C., April 23, 1894.—Dear Sir: I have carefully read the communication you lately placed in my hands, setting forth the future purposes and present needs of the National Association of Democratic clubs.

The achievements of this organization should be familiar to all who are in favor of the continuation of Democratic supremacy, and should enlist the encouragement of those who appreciate the importance of any effective dissemination of political doctrine. Your association has done much by way of educating our people, touching the particular subjects which are recognized as belonging to the Democratic faith; but it seems to me its best service has been an enforcement and demonstration of the truth that our party is best organized and most powerful when it strives for principles instead of spoils, and that it quickly responds to the stimulus supplied by an enlistment in the people's cause.

This acknowledgment of true Democracy suggests that the national association of Democratic clubs, and every other Democratic organization, should labor unceasingly and earnestly to save the party in its time of power and responsibility from the degradation and disgrace of a failure to redeem the pledges upon which our fellow countrymen intrusted us with the control of their government.

All who are charged, on behalf of the Democratic party, with the redemption of these pledges should now be impressively reminded, that as we won our way to victory under the banner of tariff reform, so our insistence upon that principle is the condition of our retention of the people's trust; and that fealty to party organization demands the subordination of our individual advantages and wishes, and the putting aside of ignoble jealousies and bickerings, when party principles and party integrity and party existence are at stake.

I cheerfully inclose a contribution to the funds necessary to carry on the good work of your organization, with a hearty wish for its continued success and usefulness. Yours very truly,

GROVER CLEVELAND.

TRIPLE LYNCHING.

Three Men Hanged From a Railway Bridge in Alabama.

BIRMINGHAM, Ala., April 23.—At Tusculum at midnight Saturday night Tom Black, John Willis and Tony Johnson, all negroes, were lynched. About a week ago these men were arrested for the burning of the barns of Claude King. Their arrest was kept very quiet, for fear of mob violence. Late Saturday night a masked mob of 200 men went to the jail and called the jailer out on a pretext that they had a prisoner. When he came out the mob took him in hand and carried him some distance from the place, where he was compelled to keep quiet.

They then entered the place forcibly, taking the keys from the jailer's wife, and entering the jail took the three negroes out and led them to the Tennessee river bridge, which is in the corporate limits of the town. Ropes were placed about each of the negroes' necks, and with the end tied to bridge timbers they were compelled to jump off. The fall broke their necks, and the bodies, after being filled with bullets, were left dangling where they hung.

129 KILLED IN GREECE.

Three Villages Partially Destroyed and 129 People Are Killed.

ATHENS, April 23.—The earthquake shocks that began about 7:30 o'clock Friday night continued with more or less frequency until noon yesterday. In three villages, Malesina, Proskina and Martino, all in the province of Loricis, 129 persons were killed. The Larymi telegraphs that a heavy shock occurred at Proskina while vesper service was being held in the parish church. The walls of the church fell burying all the worshippers in the ruins. Hardly a person in the church escaped with a hurt injury. Thirty were taken out dead. Houses were thrown down in other parts of the village, and the money loss is great. Some of the villagers are practically ruined.

At Malesina houses tottered and fell as though built of cardboard. In this village 90 persons were killed. In some cases entire families, fathers, mothers and children were taken out of the ruins dead.

At Martino thirty-nine persons were killed. Here, as at Proskina, the parish church was the scene of the greatest number of fatalities. In the vicinity of Athens the fatalities were less numerous, but the property damage is immense. The offices of the Australian-Lloyd and other steamship companies, were partially destroyed.

WORK OF A TORNADO.

Six Persons Killed in the Texas County Storm.

WEST PLAINS, Mo., April 23.—Late reports from Summerville, the scene of the recent tornado, make more serious the report sent out from here. The town itself was not injured very much, but in the country the damage was great. Mrs. Val Keel and three children, her hired girl and hired man, named Matsinger, were killed. Here, as at West Plains, many other buildings were blown away, and a large number of people more or less injured, some, it is thought, fatally.

The damage to houses, crops and fencing amounts to thousands of dollars. The houses destroyed belonged to Val Keel, John McCaskill, Parrott, William Dyer and George Kirkman. Summerville is in a remote region, making it nearly impossible to get news from there quickly.

No Strike in the Nevada District.

NEVADA, Mo., April 23.—Advices from the coal district of this section of country, and adjacent fields in Kansas, are to the effect that coal will continue to be mined regardless of the strike ordered by the United Mine Workers of America.

THEY WANT JUSTICE.

Boston Common is Thronged With 35,000 People,

To Witness the Start of the Industrial Army.

BY A ROARING "YES"

A Letter to President Cleveland Was Adopted.

BOSTON, Mass., April 23.—Seldom has Boston Common been the scene of such a vast gathering as that assembled there yesterday afternoon to witness the departure of the Boston delegation of the unemployed for Washington, where they hope to join Coxe's army and assist in the appeal to congress for "justice." By the time Morrison L. Swift stepped on to the improvised platform there were fully 25,000 persons present, and soon after the meeting got into working order, fully 35,000 were gathered around the band stand. During the meeting Mr. Swift submitted the following letter to be sent to President Cleveland, which was adopted by a "yes" that could easily have been heard a mile away:

President Cleveland, Executive Mansion, Washington.
BOSTON, Mass., April 23.—At first thought it may seem to the national authorities the simplest way of dealing with those penniless, unemployed persons, who are pressing their way across the country to the capitol, would be to employ some form of "strict and stern repression." This is the opinion of the Army and Navy Register, which calls upon you to gather in the regular army to protect yourself, the congress and the national buildings against your less fortunate fellow-citizens.

The custom is an old one of resorting to a liberal use of bullets to check the rising desire of starving persons for food and work. No republic can follow this custom and live long. We are sending a delegation to represent the unemployed thousands in New England in the days of calamity. We should be very sorry to have our deputation thrown into prison or slain by the official edict while exercising their constitutional liberty to petition. The truth is, before tranquility is restored, there will have to be a readjustment of the conditions of wealth. You may not realize that the case is grave. When have American citizens been treated in this manner before? Is it not a disgrace to our country? Let us not be children in this matter any longer. Wealth must be better distributed. This is not the time to prate about senate dignity. It is the time for those who make laws to listen to the commands of those who make them. Make wealth one? endeavor to have the people provided with proper food while in Washington. We who remain at home will await your action attentively.

MORRISON L. SWIFT.

MARCHING ON FREDERICK.

Coxey Cohorts Leave Their Camp at Hagerstown, Md.

HAGERSTOWN, Md., April 23.—After a three days' rest in this place, the Coxey cohorts marched on Frederick this morning.

Browne last night in speaking of the proposed camp in the arsenal grounds, said he had concluded that the grounds around the foot of the Washington monument would be more convenient and appropriate, and announced that he would telegraph Colonel Sedalia to make a request for the grounds on the secretary of war.

Mayor Fleming of Frederick is preparing a frosty reception for the army. He has announced that no public meeting would be allowed unless in a hall, and that there shall be no parade on the street. Browne says he would like to see the mayor stop a procession of American citizens with the American flag at its head.

The Sunday services in Camp Nazareth were attended by a crowd of 150 persons. Fifty dollars in all were taken in at the gate. Brown doffed his boot and sombrero in honor of his appearance as a minister and put on a suit of store clothes of clerical black. His sermon was on his own ideas of theosophy.

In the afternoon another meeting was held at which Browne lectured on finance. The general order for the night stated the start would be made at 10 a. m. and the camp named Daniel Boone.

Coxey in New York.

NEW YORK, April 23.—General Jacob S. Coxey spent yesterday in the city quietly and unobtrusively. Few persons who met him knew him to be the Coxey who is about to invade Washington with his army to demand the issue of non-interest bearing bonds for the building of roads, and the giving of work to the idle. No representatives of labor organizations called to see him.

LOST ON THE ROCKS.

The Steamer Los Angeles Goes Down and Lovers Are Lost.

MONTEREY, Cal., April 23.—The Pacific Coast Steamship company's steamer, Los Angeles, bound north from Newport, Cal., and way ports to San Francisco, ran on the rocks at Point Sur light house, thirty miles south of Monterey, between 9 and 10 o'clock last night.

The steamer sank within a few minutes, and the passengers and crews took to the boats. Three boat loads reached shore at Point Sur, and the first news of the disaster was brought here by messenger. Two other boat loads and a raft containing other passengers and members of the crew were met by the steamer Eureka. The steamer rescued them and brought them to Monterey. Four lives were lost.

BLUEFIELDS, W. Va., April 23.—Patrick O'Brien, who came here with other agitators from Ohio and Pennsylvania to try and induce the 25,000 miners of the Flat Top region of West Virginia to join the coal miners' strike, was killed at Turkey Ridge by a foreman named Hanson, over matters growing out of the strike.

HUMOR.

Hubby Foots the Bills.

The man who is hanging to a strap in a cable car often hears conversations which are worth repeating.

"Don't you hate to have to ask your husband for money to buy your dresses and hats with?" said a matron in dark green to one in seal brown.

"I never do," was the reply.

"Don't you? Does he give it to you without asking?"

The matron in seal shook her head.

"Have you a regular allowance, or does he pay you a weekly salary, as some women maintain is the correct thing?"

"Neither."

"Then you must have private means of your own to draw on, but every woman is not so well situated as that."

"Wrong again. I have no fortune of my own, and my husband pays for everything I use."

"Then how do you manage it if you never ask him for money and he never gives you any without asking?"

"Oh, I simply order what I want and have the things charged."—Pittsburgh Chronicle-Telegraph.

Her Size.

This amusing little story comes from Gallop. In that nice little city on the Ohio lives a dusky dame whose mouth is abnormally large. It is the custom of the maiden to sleep with a horseshoe under her pillow, imagining that it brings her luck.

The other night she went to bed, with the horseshoe in its accustomed place. Before she went to sleep she removed her false teeth and placed them beside the shoe. The next morning she put the horseshoe in her mouth and did not discover the mistake for two days.—West Union (O.) Scion.

My Poems.

My "Hope" and "Faith" bought a modish gown.

My "Longings" a decentish hat.

My "Fond Heart" went for the latest in gloves, and my "Moods" for this and that.

My "Song of Peace" meant a stylish wrap.

I squandered my "Spring" for a muff and spent every cent of my "Hoarded Gold" for the quaintest, furriest ruff.

Palpitation of the Heart and A General Break Down

The Good Effect of Hood's was Marked and Permanent.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—I was taken down sick last December, and became very weak with nervous trouble, palpitation of the heart, and a general break down. I had a good physician, but licensed along, getting no better. I could sit up only about half a day, until the 18th of March, when I concluded I would give Hood's Sarsaparilla a trial. When I had used it a short time, I could get up and go all about the house all day. I have never enjoyed perfect health, but am now taking my fifth bottle of Hood's Sarsaparilla, and know it has helped me wonderfully. I have used Hood's Pills, and think them excellent." Mrs. A. E.
